CONTENTS OF VOL. 201

ORIGINAL ARTICLES.

No. 1—January.

Chlorosis. Essential Juvenile Iron Deficiency Anemia. By Gunnar Alsted, M.D. 1

The Effects of Food Combinations Upon Leukopenic Index Determinations and Upon Body Temperature. By James Fletcher Hanson, M.D. 11

Familial Microcytic Anemia. Observations on 6 Cases of a Blood Disorder in an Italian Family. By Maurice B. Strauss, M.D., Geneva A. Daland, B.S., and Herbert J. Fox, M.D. 30

The Determinative Background of Subacute Bacterial Endocarditis. By Henry A. Christian 34

The Effects of Tobacco Smoke and Nicotine on the Normal Heart and in the Presence of Myocardial Damage Produced by Coronary Ligation. By Samuel Bellet, Alfred Kershbaum, Richard H. Meade, Jr., and Leon Schwartz 40

The Constancy of Action of Protamine Zinc Insulin. By Henry T. Ricketts, M.D. 51

Tuberculosis in the Adolescent. By Oscar Auerbach, M.D. 60

The Course of the Plasma Protein Changes in Early Lymphopathia Venereum Under Treatment With Sulfanilamide. By Ira Leo Schamberg, M.D. 67

The Effect of Smoking Tobacco on Gastric Acidity. By Irving Ehrenfeld, A.B., M.D., and Mills Sturtevant, M.D. 81

Association of the Internist and Psychiatrist in Private Practice. By Clarke H. Barnacle, M.D., and Ward Darley, M.D., F.A.C.P. . 86

Roentgen Therapy of Experimental Lobar Pneumonia in Dogs. By Louis M. Lieberman, M.D., Philip J. Hodes, M.D., and Simon S. Leopold, M.D. 92

A Family Outbreak of Pneumococcus Type I Infections. By Norman Plummer, M.D., and Herbert K. Ensworth, M.D. 100

The Absorption, Distribution, and Excretion of 2-Sulfanilamido Pyrimidine (Sulfapyrimidine, Sulfadiazine) in Man. By John G. Reinhold, Ph.D., Harrison F. Flippin, M.D., Leon Schwartz, M.D., and Albert H. Domm, M.D., with the technical assistance of Shlomith Bethlahmy, B.A. 106

The Behavior of the Blood Sedimentation Rate During and After Fever Therapy. By Ferdinand Fetter, M.D., and Truman G. Schnabel, M.D. 115

No. 2—February.

Blood Pressure Determinations by Patients With Essential Hypertension. II. The Difference Between Home and Clinic Readings During and After Treatment. By David Ayman, M.D., and Archie D. Goldshine, M.D. 157

Azotemia Due to Ingestion of Blood Proteins. Blood Urea Increase Related to Ingestion of Whole Blood, Red Cells, Plasma, and Other Proteins. By C. L. Yuile, M.D., and W. B. Hawkins, M.D. . . 162

The Electrocardiogram During Electric Shock Treatment of Mental Disorders. By Samuel Bellet, M.D., Alfred Kershbaum, M.D., and William Furst, M.D. 167

Changes in the Electrocardiogram and in the Cardiac Rhythm During the Therapeutic Use of Potassium Salts. By Harold J. Stewart, M.D., and J. James Smith, M.D. 177

Cardiac Disease Among 28,139 Newly Entering Students at the University of Wisconsin. By Llewellyn R. Cole, M.D. 197

Treatment of Addison's Disease With Pellets of Synthetic Desoxycorticosterone Acetate Implanted Subcutaneously. By Gabriel Segall, M.D. 202

The Local Use of Sulfanilamide Powder and Hydrogen Peroxide in Wound Infections. By Leonard Schneider, M.D. 208

The Intravenous Use of Sodium Sulfapyridine in the Treatment of Pneumonia and Pneumococcus Infections. By William L. Winters, M.D., Wayne W. Fox, M.D., and Reno Rosi, M.D., with the technical assistance of Dolores Lammers, B.S. 216

Accuracy of Fluoroscopy in the Detection of Pulmonary Tuberculosis. By Harold L. Israel, M.D., and H. W. Hetherington, M.D. . . 224

Spondylarthritis Ankylopoietica. A Review and Report of Twenty Cases. By Charles L. Dunham, M.D., and Friedrich G. Kautz, M.D. . 232

Nutritional Aspects of the Treatment of Arthritis. By Ralph Pemberton, M.S., M.D., and C. Wesler Scull, Ph.D. 250

The Waterhouse-Friderichsen Syndrome. By Janvier W. Lindsay, M.D., E. Clarence Rice, M.D., Maurice A. Selinger, M.D., and Leroy Robins, M.D. 263

The Cerebrospinal Fluid Total Protein in the Alcoholic Psychopathies. By S. R. Rosen, M.D. 270

Use of Acetyl-Beta-Methylcholine Chloride Iontophoresis in Non-arterial Peripheral Vascular Disease. By Hugh Montgomery, M.D., with the technical assistance of Sara C. Turner and Elizabeth C. Sammis 277

No. 3—March.

Observations on the Clinical and Functional Course of Nephrotoxic Nephritis in Dogs. By Paul J. Fouts, M.D., A. C. Corcoran, M.D., and Irvine H. Page, M.D. 313

The Influence of Liver Damage on the Plasma Prothrombin Concentration and the Response to Vitamin K. By S. P. Lucia, M.D., and P. M. Aggeler, M.D. 326

Some Bacteriologic Observations on Pneumonia. By Mark M. Bracken, M.D. 340

Vitamin E in the Treatment of Fibrositis. By Charles LeRoy Steinberg, B.S., M.D. 347

The *QRS* Complex in Precordial Leads in Anterior Wall Infarction. True and False Infarction Curves. By Vagn Mortensen, M.D. 349

Absorption, Excretion and Distribution of Sulfadiazine (2-Sulfanilamidopyrimidine). By Osler L. Peterson, M.D., Elias Strauss, M.D., F. H. Laskey Taylor, Ph.D., and Maxwell Finland, M.D. . . 357

A Comparison of the Mortality in Pneumococcic Pneumonia Treated by Hydroxyethylapocupreine and by Sulfapyridine. By W. W. G. Maclachlan, M.D., John M. Johnston, M.D., Mark M. Bracken, M.D., and Leslie S. Pierce, M.D. 367

The Use of Syntropan in Parkinsonism. By Nathan S. Schlezinger, M.D., Sc.D. (Med.), and Bernard J. Alpers, M.D., Sc.D. (Med.) . 374

Pellagra and Porphyrinuria. By Robert Kark, M.R.C.P. (Lond.), and Arnold P. Meiklejohn, B.M. (Oxon.) 380

Renal Function in Late Toxemia of Pregnancy. By A. C. Corcoran, M.D., and Irvine H. Page, M.D. 385

The Action of Paredrinol After Induction of Hemorrhage and Circulatory Collapse. By E. A. Stead, Jr., M.D., and R. V. Ebert, M.D. . . 396

The Clinical Importance of Small Intracutaneous Veins in the Human Chest. By John B. Burrett, M.D., and David Scherf, M.D. . . 399

Leukopenia in Negro Workmen. By W. H. Forbes, R. E. Johnson, and F. Consolazio 407

Mural Thrombi in the Heart as a Source of Emboli. By Curtis F. Garvin, M.D. 412

Apoplexy Apparently Precipitated by Low Blood Pressure. By Arthur D. Ecker, M.D., and Moses Deren, M.D. 415

No. 4—April.

The Diagnosis of Hemophilia. By Armand J. Quick, Ph.D., M.D. . . 469

Infectious Mononucleosis—a Diagnostic Problem. By Samuel J. Werlin, M.D., Vera B. Dolgopol, M.D., and Morris E. Stern, M.D. . . 474

Observations on Infectious Mononucleosis. By Edgar W. Warren, M.D. 483

Studies of the Cell in Normal and Arthritic Bovine Cartilage. By George Wagoner, M.D., Otto Rosenthal, M.D., and Morris A. Bowie, M.D. 489

The Incidence of Brucellosis in Patients With Rheumatic Disease. By M. E. Green, M.D., and R. H. Freyberg, M.D. 495

Incidence of Pulmonary Tuberculosis in Schizophrenic Patients Following Metrazol Convulsive Therapy. By K. G. Bulley, M.D., and B. L. Greene, M.D. 504

A New Method for Study of the Fasting Insulin Requirement of the Severe Diabetic. By Helen Eastman Martin, M.D., Paul O. Greeley, M.D., and Sidney Soll, M.D. 509

Intercapillary Glomerulosclerosis (Kimmelstiel-Wilson) and the Nephrotic Syndrome in Diabetes Mellitus. By Sheppard Siegal, M.D., and Arthur C. Allen, M.D. 516

A Consideration of Certain Biologic Differences Between Glomerulonephritis and Rheumatic Fever. By David Seegal, M.D., and David P. Earle, Jr., M.D. 528

Esophageal Obstruction Due to Gummata of Esophagus and Diaphragm. By R. H. Kampmeier, M.D., and Edgar Jones, M.D. 539

Short Wave Diathermy in Chronic Prostatitis. By Donald K. Hibbs, M.D., and Stafford L. Osborne, Ph.D. 547

Head Retraction Reflex. By Robert Wartenberg, M.D. 553

The Urinary Excretion of Bisulfite Binding Substances by Human Adults on Thiamin-low Diets. By Maurice E. Shils, D.Sc., Harry G. Day, D.Sc., and E. V. McCollum, Ph.D. 561

The Relationship Between the Specific Gravity and the Protein Content in Human Serous Effusions. By Franklin K. Paddock, M.D. . . 569

Immune Response in Drug Treated Cases of Pneumococcal Pneumonia. By Luther L. Terry, M.D., Lawrence D. Thompson, M.D., and Joseph C. Edwards, M.D. 574

Sulfadiazine and Sulfathiazole in the Treatment of Pneumococcic Pneumonia. A Progress Report on 200 Cases. By Harrison F. Flippin, M.D., S. Brandt Rose, M.D., Leon Schwartz, M.D., and Albert H. Domm, M.D., with the technical assistance of Beatrice Doak, B.A. 585

No. 5—May.

Observations on the Pathologic Physiology of the Insular and External Secretory Functions of the Human Pancreas. By Allen O. Whipple, M.D., and Louis Bauman, M.D. 629

Vitamin C in the Treatment of Diabetes. By Louis B. Owens, M.D., Jackson Wright, M.D., and Edna Brown, M.S. 636

Some Effects of Iron on Hemoglobin Formation. By Willis M. Fowler, M.D., and Adelaide P. Barer, Ph.D. 642

The Question of "Chronic Appendicitis." By John H. L. Heintzelman, M.D., and Frank A. Evans, M.D. 651

Demonstration That in Normal Man No Reserves of Blood are Mobilized by Exercise, Epinephrine, and Hemorrhage. By Richard V. Ebert, M.D., and Eugene A. Stead, Jr., M.D. 655

The Effect of Arterial and Venous Constriction Induced by Paredrine on the Lung Capacity and Its Subdivisions. By Arnold Iglauer, M.D., and Mark D. Altschule, M.D. 664

The Comparative Value of Ether and Paraldehyde as Agents for Measurement of the Arm to Lung Circulation Time in 50 Patients With and 50 Patients Without Heart Failure. By H. H. Hussey, M.D., and Sol Katz, M.D. 669

The Characteristic Electrocardiograms in Left Ventricular Strain With and Without Axis Deviation. By L. G. Kaplan, M.D., and L. N. Katz, M.D. 676

The Alterations of the *T*-waves caused by a Change of Posture. By David Scherf, M.D., and Jonas Weissberg, M.D. 693

Fat Tolerance Tests in Psoriasis. By Edw. B. LeWinn, M.D., and I. Zugerman, M.D. 703

Urinary Excretion of Sulfapyridine in the Rat. A Relationship of the Liver to Urolithiasis. By John V. Scudi, Ph.D., and Harry J. Robinson, B.S. 711

Sulfathiazole in the Treatment of Pneumonia in Infants and Children. By Albert V. Stoesser, M.D., and Robert Mooney, M.D. 718

The Distribution of Sulfanilamide Between Blood and Cerebrospinal fluid With Special Reference to Intraspinal Treatment. By SOLOMON KATZENELBOGEN, M.D., BERNARD A. CRUVANT, M.D., and CHARLES SILVERBERG, M.D. 724

Failure of Para-Aminobenzoic Acid to Inhibit Sulfonamide Rashes and Fevers. By ELIAS STRAUSS, M.D., and MAXWELL FINLAND, M.D. . 730

The Mode of Action of Magnesium Sulphate in Reducing the Hypertension of Acute Glomerulonephritis. By M. I. RUBIN, M.D., and M. RAPOPORT, M.D. 734

Alimentary Azotemia: A Clinical Syndrome Occurring as a Part of the Bleeding Peptic Ulcer Complex. By C. FRANK CHUNN, M.S., M.D., and HENRY N. HARKINS, M.D., PH.D. 745

Vitamin C Studies in the Aged. By H. A. RAFSKY, M.D., and B. NEWMAN, B.S. 749

Scarlatiniform Erythema With Systemic Reaction Following Inunction With Mercurial Ointment. By OTTO E. BILLO, M.D. 756

No. 6—June.

Possible Adaptation to a Low Vitamin B_1 Intake. By F. M. MEYERS, M.D. 785

The Response of Blood Donors to Iron. By ALBERT C. SANTY, M.D. . 790

Bee Venom in the Treatment of Chronic Arthritis. By JOSEPH LEE Hollander, M.D. 796

Heberden's Nodes. Heredity in Hypertrophic Arthritis of the Finger Joints. By ROBERT M. STECHER, M.D. 801

Seasonal Variation in the Water Content of the Respiratory Tract of Birds and Mammals. By ELDON M. BOYD, M.A., M.D., and G. M. JOHNSTON, M.A. 810

The Effect of Phenobarbital on Normal and Impaired Dextrose Tolerance. By J. A. ROSENKRANTZ, M.D., and MAURICE BRUGER, M.D. . . . 815

Dietary Hypercholesterolemia. By ALFRED STEINER, M.D., and BEATRICE DOMANSKI, B.A. 820

The Incidence of Certain Signs and Symptoms at Various Levels of Basal and Total Resting Metabolism. An Analysis of 1000 Cases. By J. J. SHORT, M.D., F.A.C.P. 824

Prothrombin Studies in Pulmonary Tuberculosis. By J. W. SAVACOOL, M.D. 830

The Survival Time After Transfusion of Erythrocytes of Citrated Human Blood Stored at 4° to 6° Centigrade. By WILLIAM P. BELK, M.D., F.A.C.P., and B. C. BARNES, M.D. 838

The Effect of Glucose in the Preservation of Citrated Human Blood Stored at 4° to 6° Centigrade. By WILLIAM P. BELK, M.D., F.A.C.P., and FLORENCE ROSENSTEIN, M.T. 841

Leukemoid Reactions. By J. M. HILL, M.D., and C. N. DUNCAN, M.D. 847

Atrioventricular Nodal Rhythm. By NATHAN FLAXMAN, M.D. . . . 857

Tibial Artery Changes in Comparison With Those of the Radial and Coronary Arteries. By S. W. SAPPINGTON, M.D., and J. ARTHUR HORNEFF, M.D. 862

The Reactivity of Intracranial Vessels in the Aged. By D. Ewen Cameron, M.D., and S. R. Rosen, M.D. 871

The Effect of Pregnancy Upon Experimental Hypertension in the Rabbit. By John D. Corbit, Jr., M.D. 876

Fibrillary Twitchings. An Investigation of Their Site of Origin. By C. Hunter Shelden, M.D., and Henry W. Woltman, M.D. 884

Animal Experiments Concerning the Hormonal Therapy of Testicular Atrophy. By Hans Selye, M.D., Ph.D., and Sydney M. Friedman, M.D. 886
